

Legislative Task Force on Diabetes and Obesity

Overview

OBJECTIVE

To develop recommended legislative proposals that are aimed at reducing the incidence of diabetes and obesity in Latinos, African-Americans, Asian Pacific Islanders and Native Americans.

BACKGROUND

Last legislative session, the Tri-Caucus (African American, Asian Pacific Islander and Latino Caucuses) sponsored ACR 114, a measure that establishes a Legislative Task Force on Diabetes and Obesity. This task force is charged with studying the factors contributing to the high rates of diabetes and obesity in Latinos, African-Americans, Asian Pacific Islanders, and Native Americans and preparing a report containing recommendations to reduce the incidence of those debilitating conditions in these ethnic groups.
